Todaybulb

Product Description

C9 multicolor christmas lights

The C9 candle bulb, with a diameter of approximately 1.5 inches, combines retro charm with modern aesthetics. C9 bulbs bulk paired with durable PVC wiring can form light strings, which are suitable for various indoor and outdoor environments.

Advantage

- Rich Colors

Todaybulb's C9 candle bulb offers a rich selection of colors, including the mysterious and elegant purple C9 bulbs, the fresh and natural green C9 bulbs, the warm and festive C9 red replacement bulbs, and C9 incandescent replacement bulbs, meeting the needs of different decoration styles.

- Flexible Adaptation

Whether it is wrapped around Christmas trees, porches, railings, or hung on ceilings and walls, C9 incandescent replacement bulbs can be easily installed to quickly create the desired decoration effect.

- Safety

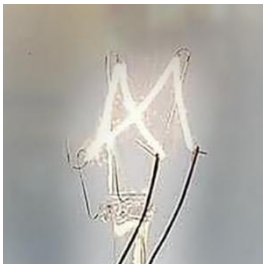

Todaybulb's C9 bulbs meets safety standards such as CE, EL, reducing potential safety hazards and allowing you to use it with confidence.

- Strong Durability

Todaybulb's C9 bulbs are made of high-quality materials, resistant to impact and low temperature, and can work stably even in the cold winter.
