

Product Description

LED Plastic Light Bulbs

LED calabash bulbs, also known as gourd shaped lamps, stand out for their unique design and functional advantages. Inspired by the traditional calabash (gourd) form, these bulbs blend aesthetic appeal with practical lighting features, making them suitable for decorative and ambient lighting in various settings. Their unique shape, wide beam angle, and color versatility make them a popular choice for enhancing interior aesthetics, while their low energy use and long lifespan offer practical benefits. Whether used in a cozy home setting or a stylish commercial space, they blend form and function to create warm, inviting atmospheres - all while reducing energy costs and environmental impact.

Advantage

- Energy Saving

Lower energy consumption, 38w led bulb can replace 250W halogen lamp. Eco-friendly, no toxic materials, making disposal easier and safer.

- High Color Render Index

The CRI of the gourd shaped lamps is 80+, accurately displaying colors, which is very important for Spaces where visual clarity is crucial.

- High Lumen

It uses high-brightness LED chips with a high lumen value. The light of 38w led bulb is bright and eye-protecting, with a long service life.

- Good heat dissipation

Made from shatter-resistant plastic, they are less prone to breakage than traditional glass bulbs. Good heat dissipation effect of large gourd lamp makes the LED light produce less heat, reducing fire risks and making them safe to handle or use in enclosed fixtures.

- Long lifespan

Most gourd style lamps last 15,000 hours, reducing replacement frequency compared to incandescent (1,000 – 2,000 hours) or halogen bulbs (2,000 – 4,000 hours).

- Easy to install

Standard base compatibility, most of gourd style lamps use E27 or B22 lamp bases, fitting into common household fixtures.

LED Plastic Light Bulbs

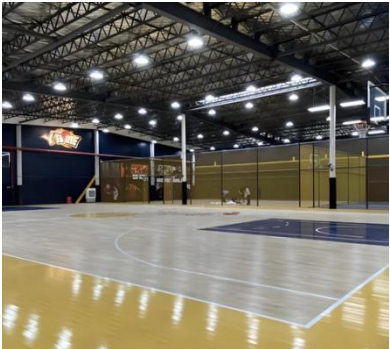

Calabash Shaped Plastic Body	High Brightness SMD2835 LED Chips	E27 / B22 Lamp Base
		

Feature

- ✓ Unique shape design
- ✓ High Brightness SMD LED Chips
- ✓ Eco-friendly
- ✓ Eye protection
- ✓ Easy to install, E27/B22 standard base option
- ✓ Long Lifetime

Application

Large gourd lamp commercial lighting, such as hotels, supermarkets, shopping mall, warehouses, factories, stadiums, office buildings etc.
